

Anthony Cruz

Front-End Developer

Reseda, CA | anthonycruz041998@gmail.com | Portfolio | github.com/AnthonyCCharles

SUMMARY

Front-end developer who builds responsive, deployed web apps with React, JavaScript and Tailwind CSS, including a full e-commerce store with real Stripe checkout. Background in quality assurance and store management brings a testing mindset, attention to detail and a customer-first approach. Completing the Frontend Simplified bootcamp and open to front-end roles and freelance projects.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, Python, C++

Frameworks & Libraries: React, React Router, Tailwind CSS, Vite

Tools & Platforms: Git & GitHub, VS Code, Firebase Hosting, Vercel, Stripe, REST APIs, EmailJS

Practices: Responsive design, component-based UI, API integration, QA & manual testing

PROJECTS

Loadout — E-commerce Store | React, Tailwind CSS, Stripe, Vercel Functions [Live](#) | [Code](#)

- Built a gaming-gear store with search, category filters, price slider and sorting, with filters saved in the URL.
- Added a cart that persists across refreshes and real Stripe Checkout (test mode) through a serverless function that verifies prices on the server.

NextFlix — Streaming App | React, Vite, Tailwind CSS, TMDB API, Firebase Hosting [Live](#) | [Code](#)

- Built a streaming-style browsing app with a featured hero banner, horizontally scrolling genre rows and hover cards.
- Implemented debounced live search across movies and TV shows using live data from the TMDB API.

YouClone — Video Platform | React, Vite, Tailwind CSS, YouTube Data API, Firebase Hosting [Live](#) | [Code](#)

- Built a video platform with trending and category feeds, search, a collapsible sidebar and video pages powered by the YouTube Data API.

EXPERIENCE

Quality Assurance Specialist | Freelance / Various Roles 2022 – Present

- Inspect and test products against quality standards, documenting findings and reporting discrepancies clearly.
- Suggest process improvements and work with teams to resolve issues and keep product quality consistent.

Store Manager | SoCal Vape – Reseda, CA 2020 – 2022

- Ran daily store operations including inventory, staff scheduling and customer service.
- Trained and supervised team members and implemented process improvements to increase sales and efficiency.

Delivery Courier | Various Clients – Reseda, CA 2018 – 2020

- Handled daily specimen and package deliveries for multiple business clients with accuracy, punctuality and confidentiality.
- Planned efficient routes and kept clients informed about schedules and issues.
